

Minutes of the 11 March 2013
Regular Meeting of the Yancey County Board of Commissioners
Held at 6:00 o'clock p.m. in the Yancey County Courtroom
Yancey County Courthouse, Burnsville, North Carolina

Present at the 11 March 2013 meeting of the Yancey County Board of Commissioners were Chairman Johnny Riddle, Commissioner Jill Austin, Commissioner Jim Edwards, Commissioner Randy Ollis, Commissioner Jeff Whitson, County Manager Nathan Bennett, Clerk to the Board Jason Robinson, County Planner Jamie McMahan, County Attorney Donny Laws, members of the media, and members of the general public.

Call to Order and Approval of Agenda

Chairman Riddle called the meeting to order and asked Commissioner Edwards to deliver the invocation. Chairman Riddle then led everyone in the Pledge of Allegiance. Chairman Riddle then asked for a motion to approve the agenda. Commissioner Edwards made a motion to approve the agenda and it was seconded by Commissioner Whitson. The vote to approve was unanimous. (Attachment A)

Public Comment

The first person to speak before the Board was Bill Grover. He spoke about the filibuster and how it was one of the most ingenious inventions of the Constitution. The next person to speak before the Board was Elizabeth Tilletson who spoke about the money that is spent on school safety by the state and she would like to know where that money goes to. The next person to speak before the Board was Garland Honeycutt who presented the Board with a resolution from the Blue Ridge Values Coalition stating that they were going to be praying for the Board. The next person to speak before the Board was Jerry Rice who spoke about the need for better mental health. The final person to speak before the Board was Anthony Robinson who once again spoke about the plot by the government to disarm all American citizens.

Consent Agenda

The Board next moved to the consent agenda portion of the agenda. Chairman Riddle gave an overview of the consent agenda items for consideration this month. On the consent agenda for March were the approval of the February 11th regular meeting. Also on the consent agenda was the reappointment to the Mayland Community College Board of Trustees of Mrs. Julia Norris (Attachment B). The consent agenda also contained a letter from the Local Government Commission as well as a response by the county to the 2011-2012 fiscal year audit (Attachment C). Also on the consent agenda for March was the Western Highlands Quarterly Report for informational purposes (Attachment D) and the February tax collection report (Attachment E). In addition a citizen petition concerning school resource officers was included for informational purposes (Attachment F). Commissioner Ollis then made a motion to approve the consent agenda and it was seconded by Commissioner Austin. The vote to approve was unanimous.

Child Support Enforcement Agency – D and D Collections

The Board next heard from Dennis Wilson and Lisa Harrell with D and D Collections, the company that Yancey County has a contract with to provide child support enforcement. Mr. Wilson stated that D and D Collections began Child Support Enforcement in 2009. Mr. Wilson pointed out that each year since 2010 that there has been an increase in the collection rate for Yancey County while at the same time acquiring more cases. According to Mr. Wilson in 2010 the county was collecting about 61% collection rate, that rate is now at 67% in three years (Attachment G). Mr. Wilson further stated that D and D would like to enter into a 5 year contract with Yancey County to provide child support enforcement. Commissioner Whitson asked if the terms would be the same as the current contract to which Mr. Wilson replied that yes, they would like for it to be on the same terms with a five year contract instead of a three year contract. Commissioner Ollis stated that he was a member of the DSS Board of Directors and that there had been some discussion about DSS taking over child support enforcement and that the DSS director had said that DSS could take it over but he (the director) wouldn't be thrilled about it. Commissioner Whitson then stated that based on the good work that had been done by D and D Collections and showing steady increase in collections that he would make a motion to enter into a five year contract with D and D Collections, upon review by the county attorney. The motion was seconded by Commissioner Ollis and the vote to approve was unanimous.

County Manager Business

The Board next heard from County Manager Nathan Bennett. Mr. Bennett informed the Board that he had attended a meeting in Avery County a couple of weeks ago about the flooding in January and about the possibility of having some Emergency Watershed Protection (EWP) money available for repairing damage to private residences in the county. The EWP program was used after Hurricanes Francis and Ivan to repair damage in Yancey County. The only difference is that after Hurricanes Francis and Ivan there was a disaster declaration and now there is no disaster declaration. The EWP requires a 25% local match that was paid by the state before but now with no disaster declaration talk has been to let property owners who would like to apply for EWP to provide the 25% match. All this hinges on the availability of funds in the EWP program which at the present time there are no funds for that program. Mr. Bennett stated that the EWP program wanted to know if counties were interested in receiving funds from this program if any funds became available. Mr. Bennett stated that he would like to be authorized to indicate Yancey County's interest in the EWP program if any funds were to become available. Upon hearing from Mr. Bennett, Commissioner Edwards made a motion to authorize the county manager to indicate that the County would be interested in the EWP and to move forward. The motion was seconded by Commissioner Ollis and the vote to approve was unanimous. Mr. Bennett next gave the Board an update on sequestration, the automatic federal government cuts. Mr. Bennett stated that the county could expect to see 5-8% cuts in payments from the federal government for lands that are located within the county that are federal government lands. Also, the Economic Recovery Zone bonds interest rebate for the new library could be reduced by 5% as well as some block grants that provide services to the County. Mr. Bennett stated though at the present time a lot was still unknown about which programs would be affected. Mr. Bennett also stated that he had been in discussion with Mission Health to obtain the feasibility of adding additional ambulance services for the county. Mr. Bennett stated that he had received a proposal from Mission for rate structure (Attachment H) for making an existing 8 hour truck a 24 hour ambulance and also of adding another 24 hour ambulance in addition to the 8 hour ambulance. The Board then heard from Clay Carroll, EMS Director. Mr. Carroll stated that the need was great and that Yancey County experienced about 200 more calls last year than in the previous year. Mr. Carroll stated that he was able to call upon Mitchell and Madison counties and also ambulances in Asheville and that it takes about 2 hours for an ambulance crew to get back in service after a call. Commissioner Ollis asked if it would be a possibility to add the service and the May and June payments to be spread out over the next year. Mr. Carroll stated that he would have to ask the financial people at Mission that question. Commissioner Whitson asked about if this would add any additional jobs in the county and if there were enough qualified people in the county. Mr. Carroll stated that upgrading the 8 hour ambulance to a 24 hour ambulance would add 5 positions, while adding an additional 24 hour ambulance would mean that 7 positions would be added. Mr. Carroll further stated that he hoped that there were enough people that were qualified in the county. Commissioner Ollis stated that he would like to see the county manager, Mr. Carroll, and the county finance office meet to discuss these possibilities.

County Attorney Business

The Board next heard from County Attorney Donny Laws who stated that he had nothing to report.

Commissioner Business

Chairman Riddle then asked any of the Board if they had any announcements or business. Commissioner Ollis stated that he had met with the new director of Brookside Rehabilitation and that if anyone had any questions or concerns about the facility that they should contact the director. Chairman Riddle then encouraged everyone to get out and pick up litter as part of the NC DOT Litter Sweep. Chairman Riddle also gave an update on Mayland Community College.

Closed Session

Commissioner Whitson then made a motion for the Board to go into closed session pursuant to NCGS 143-318.11(a)(6) to discuss personnel. The motion was seconded by Commissioner Edwards and the vote to go into closed session was unanimous.

Upon returning to open session no action was taken by the Board.

Adjournment

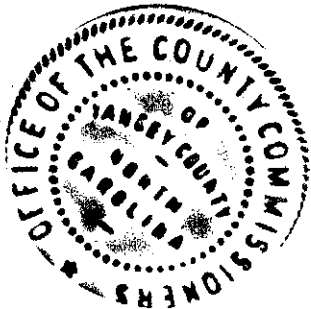

Having no further business Commissioner Austin made a motion to adjourn and it was seconded by Commissioner Edwards. The vote to adjourn was unanimous.

Approved and authenticated on this the 8th day of April 2013.

February 13, 2013

Mr. Johnny Riddle, Chairman
Yancey County Commissioners
110 Town Square, Room 11
Burnsville, NC 28714

Mr. Riddle,

Mrs. Julia Norris was appointed to the Mayland Community College Board of Trustees on July 22, 1997 and has been reappointed at four year intervals with the last reappointment being in July of 2009. On June 30, 2013, Mrs. Norris will complete her term with the Mayland Community College Board of Trustees.

Mrs. Norris has been an asset to Mayland Community College as a loyal trustee providing insight to the committees she serves. She is currently a member of the Building and Ground Committee and Chair of the Finance Committee. She is very active in the pursuits of Mayland Community College with the best interest of Yancey, Mitchell, and Avery Counties at heart. She also serves as our Yancey County Legislative Liaison.

Based on Mrs. Norris' history and standing with the board, I respectfully request that she be reappointed, with a four year term beginning July 1, 2013, and ending on June 30, 2017. If it is your decision not to reappoint Mrs. Norris, please name a replacement prior to June 30, 2013.

Sincerely,

The Honorable Johnny Riddle, Chairperson

Dear Chairperson Riddle:

The State and Local Government Finance Division in its role as staff to the Local Government Commission has analyzed the audited financial statements of Yancey County for the year ended June 30, 2012. We note that the County has made progress in a number of areas, the most notable being the increase in total fund balance for the General Fund. We commend the County's governing board, staff and citizens for this improvement. However, the County still has serious financial and operational problems that must be addressed in order to further your efforts to improve the County's financial condition.

We noted that in the General Fund, the amount of fund balance available for appropriation, as a percentage of expenditures, at June 30, 2012 was 1.71%. This year's percentage decreased slightly because the General Fund loaned money to the Capital Project Fund, which will be repaid when the reimbursement is received. If this borrowing was not needed the fund balance available for appropriation, as a percentage of expenditures would have been around 4%. The governing body and staff must continue to take steps to improve the overall financial condition of the County's General Fund. Fund balance available for appropriation is an important reserve for local governments to provide cash flow during periods of declining revenues and to be used for emergencies and unforeseen expenditures, like loaning funds to capital project funds while waiting for reimbursement. The County's available fund balance should not be below 8% of the total General Fund expenditures, which is equal to one month's average expenditures. The statewide average for similar sized units is 27.99%.

In the Emergency Telephone System Fund, Grants Fund, Community Projects Fund and the Fire Districts Fund, certain expenditures were made in excess of appropriations authorized by the budget ordinance. Budget over-expenditures indicate that the unit's pre-audit process is not functioning as it should. The North Carolina Local Government Budget and Fiscal Control Act requires that an expenditure be budgeted prior to the County entering into the obligation. Over-expenditures occur when commitments are made or funds are expended without ensuring that adequate amounts are included in the

budget to allow for such commitments or expenditures. The finance officer and her sureties are legally liable for any sums that are disbursed without an authorized appropriation. Accordingly, the budget must be amended to allow for the otherwise unauthorized expenditure before making any disbursement of funds. [G.S. 159-13, 159-15, 159-25, 159-28(b) and (e)]. Dear Ms. Edmundson:

On behalf of the Yancey County Board of Commissioners thank you for your continued support to our Board and management team. The Board is pleased with the progress you noted in the increase in total fund balance; however, we also remain aware of the continuing need to address the county's financial issues.

The following comments are in response to your letter of February 12, 2013:

- While we are pleased with the steady improvement in total fund balance over the last four years, we recognize that the 1.71% available fund balance is very inadequate. We are continuing stringent efforts to increase the total fund balance in order to achieve the recommendation of an available fund balance of 8% of General Fund expenditures. After achieving that goal we expect to allocate an amount annually to reach and maintain an available fund balance of 16% in accordance with our Fiscal Policy Statement adopted in October, 2010.
- As noted in the Corrective Action Plan, the finance staff is implementing an encumbrance process for all purchase requests to add greater assurance to budgetary review. Directions for the new process were provided to department heads, the necessary software was purchased and the process was implemented as of February 1. This improvement will enable the staff to greatly improve the pre-audit process and ultimately to better maintain budgetary control.

- Management has also worked on the control weaknesses communicated by the auditor. The Information Technology Director has secured the necessary server to establish a fully functional backup system. The installation will be completed by mid-March, and annual testing of restoration of the primary server and application data will be conducted annually in March thereafter.
- Finally, management and finance staff provided a comprehensive workshop for the Board on January 28. An important component of the workshop was a discussion of G.S.159 with emphasis on sections 25 and 28, especially as they relate to the new purchasing procedures and the finance officer's responsibilities for those procedures. The finance staff also provided the Board with measures of fiscal health, one of which will be no longer receiving an annual letter from your office!

The Board will continue to monitor the staff's progress on these issues. Again, we appreciate the continued assistance from your office. Please let me know if you have additional questions.

Sincerely,

Dear Mr. Bennett:

Enclosed please find the Western Highlands Area Authority's Fiscal Monitoring Report for the 2013 fiscal year 2nd quarter, ending December 31, 2012. State Law requires the LME to provide the quarterly FMR to the County Finance Officer. This report is to be provided to the Board of County Commissioners at the next regularly scheduled meeting of the Board. I have cited Legislative Bill H2077 for easy reference:

SECTION 3(a) G.S. 122C-117(c) reads as rewritten:

"(c) Within 30 days of the end of each quarter of the fiscal year, the area director and finance officer of the area authority shall provide the quarterly report of the area authority to the county finance officer. The county finance officer shall provide the quarterly report to the board of county commissioners at the next regularly scheduled meeting of the board. The clerk of the board of commissioners shall notify the area director and the county finance officer if the quarterly report required by this subsection has not been submitted within the required period of time. This information shall be presented in a format prescribed by the county. At least twice a year, this information shall be presented in person and shall be read into the minutes of the meeting at which it is presented. In addition, the area director or finance officer of the area authority shall provide to the board of county commissioners ad hoc reports as requested by the board of county commissioners."

Please don't hesitate to call if you have any questions.

for the period ending: December 31, 2012

ITEM	Explanation
Revenues	
Medicaid Pass Thru:	Actual cash revenues have not met projections. Providers have 365 days to bill Medicaid. The budget will be adjusted accordingly.
Interest Earned:	Actual interest earned has not met projections. We will monitor this budget and adjust accordingly.
County Appropriations:	We have not received Maintenance of Effort funds from Madison County and Mitchell County and have received 44% from Henderson County as of December 31, 2012.
DMH/DD/SAS Risk Reserve Funds (% basis)	DMH will not be funding risk reserve. Budget Amendment #1 adopted by the Board removed this item.
DMH/DD/SAS Services Funding:	SFY13 Final Continuation Allocation included WHN's portion of the SFY12 \$20M statewide budget cut continued for another year as a non-recurring reduction. Budget Amendment #1 adjusted this budget.
All Other State/Federal Funds:	Represents the Shelter Plus Care contract directly with the Federal govt. The funding billed can vary given the number of participants in the program. Our budgeted numbers represent the maximum grant.
Expenditures	
All Other:	These expenditures are county funds received in full from Buncombe County, Polk County, Rutherford County, Transylvania County and Yancey County and paid out to Provider Agencies in the first and second quarter thus creating this variance in the second quarter.
Fund Balance - Other Consulting:	This represents the consultant expenses for Medicaid Waiver corrective action implementation. \$100,000 was approved from Fund Balance to pay a portion of the fee.

Respectfully prepared for: Yancey County Commissioners: Chairman Johnny Riddle, Commissioner Randy Ollis, Commissioner Jeff Whitson, Commissioner Jim Edwards, Commissioner Jill Austin **Yancey County Board of Education:** Chairman Mike Orr, Member Charles Jack Tipton, Member Bill Whiteside, Member Norb McKinney, Member Angie Weatherman **Sponsored by:**

Tim Tipton - I am a certified police officer, I am SRT certified, I worked for several years as a deputy sheriff, police officer and as a criminal investigator. I have had numerous training classes involving many topics including school safety and active shooter response. I have also been in several armed confrontations in the line of duty and I have had to use a firearm against a suspect with a firearm in a deadly force situation. I know what it is like to quickly address priorities in the line of fire. After moving back to Yancey Co. I have worked for some of the top security companies in the area including Mission Hospital, which is top notch in my opinion. After the shooting in the Amish school several years ago, Yancey County school safety was on my mind then and definitely is now. I have two daughters who attend Yancey County Schools.

The Petition:

On Friday December 14th, 2012, a heavily armed man walked into Sandy Hook Elementary School in Newtown, Connecticut and unleashed absolute terror on children and teachers, shooting and killing twenty defenseless children who were 6 and 7 years old and six adults who were school personnel. Two other school system employees were wounded as well. Yancey County Schools are NOT as safe as they should be. We ask that you as leaders of our county and school system take immediate action to put in place a feasible plan to ensure that all schools in Yancey County have a certified police officer during all hours in which school is in session. It is not fair nor appropriate to ask unarmed school personnel to risk death by confronting an armed person. That is the job for well trained and well equipped police officers. It is time to act. Not overreact, not panic, not step on rights, not live in fear and not give up. Maybe we cannot completely stop these types of attacks from occurring, but we are not powerless to them either as some people seem to think. We MUST take steps to make positive changes which will make our schools safer. This is adding officers. Our kids and teachers deserve it. We are sure the issue of funding will come up along with a myriad of other reasons why adding a police officer to every school can't be done. However, the HIDE and HOPE method for safety and security is a failure. And unfortunately locked doors only keep honest and sane people out. Enough is enough. SECURITY of KIDS and TEACHERS should be paramount above all. If Yancey County Schools can afford ESL teachers, complete medical centers, school nurses and so on (all of which are important) then the issue of security MUST be addressed as well. As citizens of Yancey County, North Carolina we petition you our community leaders to direct your attention immediately to this issue and devise a plan that insures a certified police officer will be in EVERY school in Yancey County by the beginning of the 2013-2014 school year or earlier if possible. Going to school is required by North Carolina law and we expect our children, grandchildren, neighbors and friends to be as safe as possible. As citizens of Yancey County we expect this to be accomplished without excuse or delay as NOTHING should hold more importance to you than the safety of innocent children, our loved ones.

The safety of our children should be a TOP priority for all our leader-local, state and federal. I fear our president is looking in the wrong direction by hoping to further hamper the ownership of firearms by honest people who have obtained them legally. These aren't the "nuts" who are killing our kids after all!

Comments: Until there are better controls for assault weapons and semi automatic weapons in our country, we have no choice but to ask for protection against people who have them and might use them in public places. I am aware that funding is already a huge issue, and I would never want teacher (or assistant) pay cut or positions cut in order to add security. It is understandable why so many parents such as myself are so deeply worried about this very troubling incident. My heart breaks for Connecticut and I pray we never have to face any such nightmare here.
